## PAINFUL PERIODS

AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby Is One of Thousands of Cures Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that menstruation is the balance wheel of a woman's life, and while no woman is entirely free from periodical suffering, it is not the plan of nature that women should suffer so severely.

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs menstruation of its terrors.

Miss Irene Crosby, of 313 Charlton Street East Savannah, Ga., writes: "Lydia E. Pinkham's Vegetable Compound is a true friend to woman. It has been of great benefit to me, curing me of irregular and painful menstruation when everything else had failed, and I gladly recommend it to other suffering women."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhea, falling inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by so doing.

Some of our subscribers have been so derelict in paying their indebtedness that we have been compelled to erase their names from our books, but when we send bill after bill and are treated with silent contempt we are forced to the conclusion that the paper is not wanted, and the best thing for us to do is to stop it. The expense of running this office is two hundred dollars per week, and if our patrons do not pay us we cannot meet our obligations. We are endeavoring to give the people a good paper, and if you appreciate our efforts we would like for you to show the same by paying at least what you are due us to date.

## Is It Right?

Is it right that a property-owner should lose \$4.20 to let a dealer make 50 cents? A dealer makes 50 cents more on fourteen gallons of ready-for-use paint, at \$1.50 per gallon, than our agent does on eight gallons of L. & M. paint and six gallons of linseed oil, which make fourteen gallons of the best paint in the world, at \$1.20 per gallon; the property-owner loses just \$4.20. Is it right?

It only requires 4 gallons of L. & M. and 3 gallons linseed oil to paint a moderate sized house.

Ten thousand churches painted with Longman & Martinez L. & M. paint.

Liberal quantity given to churches when bought from S. J. Thomas of Gainesville or J. C. Bishop of Alachua.

The date to which your subscription is paid is printed opposite your name, and we would appreciate prompt renewal, as our own bills have to be paid weekly.

## FOR HARD WEAR

On shoe boys are proverbial. Best get a shoe that will withstand rough usage, for it isn't wise to curb unduly an active lad's love of sport requiring lively physical exercise. For capital rough-and-ready, wear well, last long, same time economical, footwear, bring your son here and let us outfit him for school hours, after and before study time.
